**SWISS PRECISION WITH PASSION**

# WELCOME TO CAFÉ JURA

## **SWISS VALUES**

Designed and developed in Switzerland, every JURA machine embodies the passion, determination and inventiveness of a dedicated team of coffee professionals.

## **PRECISION**

Drawing on the storied Swiss watchmaking tradition, JURA accounts for even the smallest details. From grinders milled to exacting tolerances to rigorous testing protocols, every JURA is a masterpiece of modern engineering.

## **ENJOYMENT**

Great coffee is a science. From the freshness of the beans to the texture of the grind to the brewing temperature and the perfect crema, every feature is designed to deliver the richest, most aromatic coffee and espresso possible.

## **DURABILITY**

With cutting-edge technologies, precision engineering and exceptional materials, every machine that JURA makes is built to withstand the test of time.

# DELICIOUS COFFEE IS IN THE DETAILS

From precision-ground beans and water heated to the ideal brewing temperature to perfectly textured milk foam, JURA delivers barista-quality results in the comfort of your home.

## PERFECT WATER, PERFECT CUP

Coffee is 99% water, and JURA makes it easy to start with the purest possible. JURA CLEARYL filters automatically purify every drop so nothing but the true flavor of your favorite coffee beans shines through, every time you brew. That's it—simple and delicious.

**Smart Filter**  
GIGA 6, Z8, S8, E8, E6 & D6

**Pro Smart Filter**  
X8, WE8

**Pro Blue Filter**  
GIGA W3

## FRESHLY GROUND, NOT CAPSULED

JURA's bean-to-cup philosophy demands perfection: the best grind, the ideal temperature for brewing and steaming, the perfect flavor and aroma.

JURA automatic coffee machines are designed and engineered in Switzerland to bring perfection to every cup. They grind, tamp, brew espresso and froth milk in less than 60 seconds for flat white, cappuccino and other specialty drinks.

Once you've experienced it, you'll see why owning a JURA is like putting a café on your countertop. And with machines for every coffee lover, it's easy to find the JURA that's right for you.

## PERSONALIZE YOUR EXPERIENCE

**CUP  
WARMER**  
Great coffee starts with a pre-warmed cup. Keep them ready to go at the perfect temperature.

**COOL  
CONTROL**  
Cool Control actively chills milk to the ideal temperature on your countertop—no fridge necessary.

**GLASS MILK  
CONTAINER**  
Keep milk chilled in the refrigerator—the container is ready to use with your JURA automatic frothing system.
